

MARCELLUS SHALE PERMITTING

Time is money, so you want to make sure that your Marcellus Shale-related permits are approved on schedule. However, permit applications and the required supporting studies and information are constantly being revised. The solution? Let GTS help you hit the moving targets of the permitting process to allow you to quickly move to project construction.

GTS has a local presence in Pennsylvania's Northern Tier Counties and staff members whose expert permitting knowledge includes Marcellus Shale, PADEP, U.S. Army Corps of Engineers, and local/municipal permitting requirements, as well as substantial experience in government and agency coordination. We can guide you through the maze of permitting paperwork and help you realize efficiencies that will save you time and money.

GTS is also a full-service environmental, engineering, surveying, and water resources firm. We can provide you with all the supporting services, studies, testing and backup documentation you need from one source.

Marcellus Shale Permitting

- 5500-PM-OG0001: Permit Application for Drilling or Altering a Well
- 5500-PM-OG0087: Water Management Plan for Marcellus Shale Gas Well
- 2540-PM-BWM0347 Form 26R: Chemical Analysis of Residual Waste Annual Report By The Generator
- 5500-PM-OG0084: Application for a Dam Permit for a Centralized Impoundment Dam for Oil and Gas Wells
- Form 3140-PM-WE0001: Application for a Dam Permit (for Dam Safety Office)
- 5500-PM-OG0085: Design, Construction and Maintenance Standards for Dam Embankments Associated with Impoundments for Oil and Gas Wells

- 5500-PM-OG0086: Worksheet for Permitting of Pits and Dams for Oil and Gas Operations
- ESCGP-1: Erosion and Sediment Control General Permit for Oil and Gas Operations
- PA Chapter 105: Water Obstruction and Encroachment Permit (GP-4, GP-5, GP-7)
- PASPGP-3: The Pennsylvania State Programmatic General Permit for Discharge of Dredge or Fill Materials (includes 404 and 105 Permits)
- 5500-PM-OG0012: Application for Transfer of the Erosion and Sediment Control General Permit (ESCGP-1) Approval
- 5500-PM-OG0005: Notice of Intent for Coverage Under The Erosion and Sediment General Permit (ESCGP-1) for Earth Disturbance Associated with Oil and Gas Exploration, Production, Processing or Treatment Operations or Transmission Facilities
- Chapter 441: Access to and Occupancy of Highways by Driveways and Local Roads
- Chapter 459: Occupancy of Highways by Utilities
- Publication 282: Highway Occupancy Permit (HOP) Guidelines
- Local Ordinance/Zoning Review and Compliance
